

Multiuser interface

Cloud allows multi-user through an authentication mechanism. Each user can access only the data that has been enabled by the system administrator.

The image shows a login interface on a blue background. At the top, the text "the energy saving technology" is displayed in a light blue font. Below this, there are three input fields: a "Username" field, a "Password" field, and a "Login" button. The "Username" and "Password" labels are in a light blue box, and the "Login" button is a white rectangle with the text "Login" in black.

Cloud serves as a web server
